The Culgoa, the navy supply ship, which is now on her way to Colon, has on board 500 bluejackets selected under orders from Washington. Nearly all the 500 are long-term men and were sted from their receiving-ship Hanok at the Navy-Yard.

The two companies of marines that were to have gone on the Culgoa to Colon were held back and will be sent on the next ship sailing to the Isthmus. These marines are now held at the bar racks on Flushing avenue. They are already fitted out for service in the Colon and on the islands that have been gurned over to the United States.

mond Hill, L. I., Up in Arms to Capture Miscreants Who Are Slaughtering Pets.

More than one hundred and fifty valuable dogs and cats have been poisoned within the last two days by unknown men in Jamaica and Richmond Hill, L. I. The people of these towns are up in rms ,the police are on the search and the New York Society for the Prevention of Cruelty to Animals has been asked for aid in arresting the culprits. Two strangers, suspected of the pol-soning, were seen in Richmond Hill yesterday carrying strange-looking bags. In most of the cases meat sprinkled with arsenic was used and it is general ly believed that the bags contained the poisoned substance given to the animals. Capt. Hickman, of Jamalca, lost two pet dogs and a cat to-day. Detective Sergeant John A. Butler had a valuable Scotch terrier, which was also poisoned. Frank Walton, of Maple street, lost a collie. John F. Welton, of Hillside avenue, has his long pedigreed prize builterrier poisoned to-day. Other complaints and reports have come into the Flushing police station.

The poisoners have not stopped at dogs and cals. Chickens have also suffered from their death dealing arsenically soaked meat. At Richmond Hill a number of dogs and chickens lay on the streets to-day, the result of the work of the unknown men.

Agent Phillips, of the New York Society of the Prevention of Crueity to Animals, will assist in tracking the polsoners. ly believed that the bags contained the

Broker and Son of Prominent Resident Sent to Bellevue by His Father—Said to Have Been Dissipating Heavily.

Suffering from alcoholism Robert Fry, a broker and son of Horace B. Fry, of No. 146 Madison avenue, is in Bellevue Hospital He recently came here from the West and is said to have been dis-

the West and is said to have been dissipating heavily. His condition became sich yesterday that his father had him sent to the hospital. At the time it was thought he was insane. The physicians, however, to-day diagnosed his case as alcoholism.

Fry's father is a man of prominence. He is a member of the Union League and other New York clubs. The son has been in and out of the clubs a great deal since he came here from the West.

For some reason Mr. Fry, sr., gave the name of Chaimers Wood, the attorney, at No. 52 Williams street, as his best friend when young Fry went into the hospital. The father when seen to-day refused to discuss his son's case. Mr. Wood said:

"I have no idea why Mr. Fry should have given my name. I used to be young Fry's attorney when he lived out of New York. Otherwise I don't know anything about him."

OPENSATURDAYS UNTIL 10 P.M.

The most loathsome and repulsive of all

living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groine, a red rash and copper colored splotches break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is

mature's romedy, composed entirely of vege-table ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently.

Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.
